<tr>
<th>Quick tips to reports</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Press &quot;Full screen view&quot; in the top right corner to have a better view of a report in Power BI. Press &quot;Esc&quot; on your keyboard to return to normal view.</td>
</tr>
<tr>
<td>2. Reports in Power BI remember all your selections and changes. Press &quot;Nullstil til standard&quot; in the top right corner to reset a certain report.</td>
</tr>
<tr>
<td>3. The &quot;Portefølje&quot; page includes all open projects, that you have a role on (BH, PL, gruppeleder, anden rollie). Select your name in the different roles dropdown boxes to reduce the list to your own projects.</td>
</tr>
<tr>
<td>4. The grey formatting of certain rows in the reports is used for highlighting either exceeded end date. We expect that you have a dialog about this with your Project Finance Administrator.</td>
</tr>
<tr>
<td>5. The box &quot;Data opdateret&quot; gives you the date for when data from Navision last have been updated.</td>
</tr>
<tr>
<td>6. You can navigate to different report pages by pressing the menu bar in the top left corner.</td>
</tr>
<tr>
<td>7. When Power BI is loading data you will see a loading animation in the header in a table.</td>
</tr>
<tr>
<td>8. If you select a line/field in a table this will filter other tables on the same report page. If you want to deselect your selection again you have to press on the same line/field.</td>
</tr>
<tr>
<td>9. When you are in normal view on a report you can navigate to the other reports by pressing &quot;BI_Prod_001_OKO&quot; (after Apps) in the top left corner.</td>
</tr>
<tr>
<td>10. If you are in Power BI and can’t find the reports. First press &quot;Apps&quot; in the left panel and then press on the app &quot;BO&quot;.</td>
</tr>
<tr>
<td>11. If you select a table and press ‘More options’ you are able to export the selected data to Excel.</td>
</tr>
</tbody>
</table>
